Allen Macam

Allen Macam

Full-Time Student and Full-Time Manager

Hi, my name is Allen Macam, a full time computer science student at California tate University Northridge focusing in software development. I specialize in building efficient and reliable software solutions and use numerous programming languages such as Python, Java, C, and C++. I have experience in full-stack development through my classes at CSUN. With a strong foundation in CS principles and hands on experience with various projects, I'm committed in delivering high-quality work and contributing to impactful technology.

Work Experience

Assistant Manager	**Barista**	**Service Manager**
Domino's	Teaspoon	Chipotle
	June 2023 - September 2023	

January 2021 - September 2021

Helped serve customers and run the store while the general manager was out and helped train new hires to work at the standard required.

Along with a shift lead, I helped serve customers by taking their orders and working on making their drinks within a timely manner and keep the work stations clean.

October 2023 - Present

Help the General Manager run the store by training and helping the crew to work at the Chipotle standard while keeping the store clean to serve the customers fresh and tasty food.

Education

Glendale Community College, 2021 - 2022

Studied at the local community college as a full time student for two years while working part time at Dominos and Teaspoon to help with tuition and other school supplies I needed to succeed.

California State University Northridge, 2023 - Present

Currently attending classes at the California State University Northridge as a full time student while working almost full time as a Service Manager at Chipotle to continue helping fund my tuition without the need to take out any loans and fund any school supplies needed such as textbooks or other programs for my major.
